

This 4-week group instructional program is designed for the adult student who has taken some advice/instruction but is uncertain how to get around the golf course.

Our Getting Course Ready Clinic is a great opportunity to transition yourself from the practice tee and onto the golf course. In this class we will:

- **Continue to refine your swing technique with instruction on putting, chipping, and the full swing**
- **Review proper on-course etiquette**
- **Provide on-course instruction including club selection, course management, hitting from uneven lies, and other obstacles you may face on the course**

When you sign up for this class you will receive:

- **Instruction and 3 holes of play each week**
- **Price includes all green fees and cart fees**
- **A 5-token range card (\$25 value)**

Students often take this fun class more than once. As one student so adequately put it, "Each time I go out on the golf course I learn something new."

Sign up for this class and you will learn how not to embarrass yourself or hold anyone else up on the golf course. And most importantly, you will learn how to have fun on the golf course!

Your Instructors

Kevin Estrella, Director of Instruction

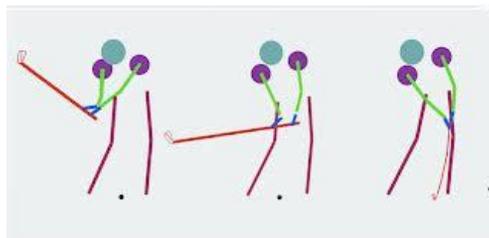

Kevin has over 17 years of experience teaching golf to people of all ages and abilities, from beginners to professionals. He strives to get his students to conceptualize and understand the golf swing and build an awareness of the correct feel of the stroke, whether it's putting, chipping, pitching, or the full swing.

Dale Smith, Tenured Teaching Professional

A professional golf instructor with many years of experience teaching men, women, and junior golfers, Dale teaches the beginners the basics of the golf swing in a manner which makes them feel comfortable and puts them at ease. One of Dale's major objectives in working with beginners is to allow them to learn while enjoying the wonderful game of golf.

Fran Cones, Teaching Professional

Fran is very excited to pass on her passion and knowledge of the game. She believes there are some fundamentals that every golf swing must have, however each person has their own learning style, physical abilities, and goals. Each person is unique and should be treated that way.

The Level 2 Adult Clinic is a perfect class to help you reach your golfing goals. As you practice and play and become more proficient and more comfortable on the golf course we offer more ways for you to continue on your path:

- **Individual Lessons**
- **Additional "Getting Course Ready" classes**
- **Drop-in Clinics**

At Diamond Oaks we have just the right class for you and your game. Come talk to any of our golf professionals and let us help you reach your goals.

Sign up and join the fun!
